Comenius-Marey's News

After a spending a well-deserved rest in our new host family, we made our way to school this morning and attended a wonderful welcoming meeting in the school's main Assembly Hall: speeches were made, classical music was played by students along with songs in English. The different students' Councils (Conseil de la Vie lycéenne) presented their role and their works.

Then we headed to biology and chemistry classes. We were divided into groups of four or five and experiments were carried out. We had to wear a white outfit and plastic gloves to protect ourselves. It was good fun. We also baked a small chocolate cake from scratch.

After lunch break we started to organise the first part of the Drama Workshop which is to be acted out on Thursday evening. We talked about what amounted to "Prejudices" and drew a list of things we would like to fight against. Poverty was one of the main issue we felt strongly about.

Late afternoon was devoted to a Game which enabled us to discover the town of Prudnik with our host students and we visited the "Wok" Tower which dates back from the Middle Ages.
