MONTABAUR

Our first day at school went very well.

As soon as we arrived, we took part in a French lesson and realised how difficult a language French can be.

We took part in a get-to-know game in the school playground with a rope and It was really fun.

Then our German hosts took us round school so that we could be introduced to this new environment.

We then tried and constructed a musical instrument from recycled components and played music with this newly-built instrument.

It was hard but good fun.

After having had lunch at the school's boarding facilities, we had a guided tour of Montabaur and went uphill to the town's most celebrated landmark : the Castle which has been turned into hotel and business school.

In the end, we were free at 2.30 pm!!

It was so great for us to be free so early in the day.

We are not used to it back home!
